

An act related to motor vehicles; establishing a transportation technology system upgrade account; increasing registration fees as specified; increasing driver's license fees as specified; and providing for an effective date.

Section 1. W.S. 31-3-101 by creating new subsections (j) and (l); W.S. 31-7-113 by creating new subsections (g) and (1); and W.S. 31-3-103 by creating a new subsection (m) are amended to read:

31-3-101. Registration fees; exemptions.

(j) A transportation technology system upgrade fee of ten dollars ~~(\$5.00/10.00)~~ may be collected by the department for all passenger cars, school buses, house trailers, motorcycles, multipurpose vehicles, noncommercial vehicles, house trailers and commercial vehicles registering under subparagraphs (a) (ii) (A) through (a) (ii) of this section at the time of registration. The transportation technology system upgrade fee shall not be collected from any person exempt from the fees imposed under paragraph (a) (ii) of this section.

(l) Fees collected pursuant to subsections (j) of this section shall be collected in the same manner as fees collected pursuant to paragraph (a) (ii) of this section and shall be remitted to the department for deposit in the transportation technology system upgrade account created by W.S. 31-3-103(m).

31-7-113. Fees.

(g) A transportation technology system upgrade fee of ten dollars ~~(\$5.00/10.00)~~ may be collected by the department for all

driver's license fees collected under W.S. 31-7-113(a) (i) through (xi) and (d).

(1) Fees collected pursuant to subsections (g) of this section shall be collected in the same manner as fees collected pursuant to paragraph (a) (ii) of this section and shall be remitted to the department for deposit in the transportation technology system upgrade account created by W.S. 31-3-103(m).

31-3-103. Distribution of fees; refunds; technology system upgrade account.

(m) There is created the transportation technology system upgrade account in the department of transportation. Any fees collected pursuant to W.S. 31-3-101(j) shall be deposited in the transportation technology system upgrade account for the purchase, installation and maintenance of computer systems necessary to administer the driver's license act and other laws related to registration, operation and use of motor vehicles on public highways. Interest accruing to this account shall be retained therein and shall be expended for the purposes provided in this section. The department of transportation shall establish the purposes, plan and timeline for expenditure of fees collected in the technology system upgrade account and shall report the purposes, plan and timeline to the joint transportation, highway and military affairs interim committee no later than November 15, 2018. Funds in the transportation

technology upgrade account shall be expended only upon appropriation by the legislature and shall not be transferred or expended for any purpose other than the purchase, installation and maintenance of computer systems necessary to administer the driver's license act and other laws related to registration, operation and use of motor vehicles on public highways.

Section 2. This act is effective July 1, 2018.
